

Lest We Forget

KEM

For The Few

Your Task

You are going to create a piece of Remembrance artwork inspired by the images we have seen. You can either:

- Use pastels to create a poppy piece of artwork. These could be in a field, you could have one poppy standing in front of a striking backdrop or you can be creative with your own design – as long as poppies are the focus.

- Your second option is to create a pencil drawing using only red to highlight a poppy or poppies within your design.

- We would like to make a display of these pieces so please ensure time and care are given to your work.
