Summer 1 Homework Grid Hot and Cold Climates/ Aziza's Secret Fairy Door

Bronze Task 1 House point	Silver Task 2 House points	Gold Task 3 House points
Research a favourite mini beast. Find out what it eats, how it protects itself from predators, and an interesting fact about it.	Make a detailed sketch of a minibeast. Use information books, online images, or real life observation as inspiration.	Go on a mini beast hunt in your garden or local park. Make a tally of the different minibeasts you find.
Make a list of five things in your house longer than a metre and five things shorter than a metre.	Use a tape measure to find the length of the following objects in your house: your bed, a sofa, a table, and a desk or coffee table. You can record the measurements in centimetres or metres.	Use a tape measure to measure the dimensions of your bedroom.
Make a list of animals you would find in Kenya **or** make a list of animals you would find in the North Pole	Watch the following and make a list and write a fact about the five oceans. https://www.youtube.com/watch?v=X6BE4VcYngQ	Make a piece of art depicting an icy polar region **or** a sultry tropical scene. You may include the animals and plant life you would see there. It could be a painting, drawing or collage.
Value: Respect Make a list of ways you are respectful throughout the day.	Think of five ways you can show self-respect.	Write an acrostic poem about Respect.
