Year 3 - Remote Learning Suggestions March 27th April 2023

Lesson /Key Question	Link to video lessons/clips	Suggested equipment	
English LO is: To answer comprehension questions on the science of sound Read the comprehension text pages 1 and 2 (one star) then answer the comprehension questions on pages 3 and 4. If you would like a bit more of a challenge read the text on pages 1 and 2 (two stars) then answer the questions on pages 3 and 4. The answers are also provided so you can discuss them with an adult and see how well you have done!		A copy of the text A copy of the question sheet to write on Pen or pencil	
Maths LO – To read different scales and answer PSR questions Task 1 – complete the VF question sheet. Task 2 – complete the Problem Solving and Reasoning questions on the sheet Challenge – have a go at the discussion problem.	https://vimeo.com/774864912	Video clip worksheets pencil and ruler	
Science **LO – To make a water xylophone to investigate how to change the pitch of sound.** Watch the video and have a go at making your own water and glass xylophone. YOU MUST HAVE ADULT SUPPORT TO COMPLETE THIS TASK. ***Alternative*** **LO – To make a water flute to investigate how to change the pitch of sound.** Make a flute – using a plastic bottle (or more bottles if you have them) fill the bottle up with different amounts of water. Blow softly across the top of the bottle neck/opening – can you make a sound? If so add or take water out of the bottle – what happens to the pitch of the note? If you have more than one bottle (the same size bottle) put different amounts of water in each bottle and then see if you can play a tune. **Music** **LO – To compose a simple piece of music to play on your water xylophone or flute.** You saw the lady in the video play Twinkle Twinkle Little star – your task is to write a simple tune to play on your home made instrument. Enjoy!	https://www.youtube.com/watch?v=9FrvKnKZaTA	Glasses Water spoon
