Make a list of everything you would need to wear on a rainy day, snowy day, or a hot sunny day.	Research the colours of the rainbow and write them in a list. Write a fact about rainbows.	Find out three facts about the artist Georges Seurat.
Learn about the current season by going for a walk in your locality. Talk about the weather and spot and photograph seasonal features, such as icicles, buds, summer flowers, or nuts and seeds. Afterwards, draw a map of your walk, including pictures to show what you saw and where you saw it. Write a few sentences to recount your walk.	Find some books about weather in your local library and share them with the class, these can be fiction or non-fiction books.	Create a weather station in your outside space. Include a rain gauge, outdoor thermometer and windsock or wind vane. Instructions for making simple weather station equipment can be found online. Use your weather station and other observations to record the weather each day. Show your results to a family member and answer their questions about the wettest, driest, coldest, hottest and windiest days.
Fold a piece of paper into four quarters – one quarter for each of the seasons. Use what you know about the seasons to draw a picture in each section. Include the weather and what the trees and other plants look like. You might also like to include animals in your pictures. Give each section a title and write a short description.	Look at an information book or age-appropriate videos and websites online with an adult to learn more about the weather and seasons. Write one or more fascinating facts to show something that you have learned after reading and listening. Draw a picture to match your fascinating facts.	Create a piece of artwork or craft on the theme of weather or the seasons. Ideas include a painting or collage, or you might like to make a kite or wind chimes.
