Year 5 – Week 7

	Day 1	Day 2	Day 3	Day 4	Day 5
Literacy	This week in literacy we are setting a special whole school project. Last week we posted a link, in the school newsletter to The Book of Hopes: Words and Pictures to Comfort, Inspire and Entertain Children in Lockdown. Link: https://literacytrust.org.uk/family-zone/9-12/book-hopes/ Our aim is to create our own Holyport book of Hope. We want to collect work from each year group together and put it in a book. Today, please read a selection of works from the book and start thinking about ideas for your own work.	Plan your very own short story (500 words max), essay or poem to go into the book of hope. You can magpie ideas from the book itself or from your favourite authors or poets.	Write your short story (500 words), essay or poem.	Edit and polish your short story (500 words), essay or poem.	Publish and illustrate your short story (500 words), essay or poem. Remember we would like to use your piece of work to create a Holyport book of hope so please ensure it is presented to a high standard. Please keep it to one page of A4. If you type your work please email it to your class teacher so we can print it at school. If you write your work please either scan it in so we can print it clearly at school or drop it into the school office in the work deposit book.

Maths Geometry	**Properties of Shape** **Calculating lengths and angles in shapes** **Resources needed:** -access to the internet -pencil -book Work through the lesson following the order – Warm up, PPT, worksheet, answers, corrections, (challenge) plenary. **From the class page you need:** -Warm up PPT slide 1 -Monday Calculating lengths and angles in shapes PPT -Monday Calculating lengths and angles in shapes worksheet -Monday Calculating lengths and angles in shapes plenary question	**Properties of Shape** **Regular and irregular Polygons** **Resources needed:** -access to the internet -pencil -book Work through the lesson following the order – Warm up, PPT, worksheet, answers, corrections, (challenge) plenary. **From the class page you need:** -Warm up - TTRockstars 10 minutes -Tuesday Regular and irregular Polygons PPT -Tuesday Regular and irregular Polygons worksheet -Tuesday Regular and irregular Polygons plenary question -Tuesday Regular and irregular Polygons answers	**Properties of Shape** **Reasoning about 3D Shapes** **Resources needed:** -access to the internet -pencil -book Work through the lesson following the order – Warm up, PPT, worksheet, answers, corrections, (challenge) plenary. **From the class page you need:** -Warm up PPT slide 2 -Wednesday Reasoning about 3D Shapes PPT -Wednesday Reasoning about 3D Shapes worksheet -Wednesday Reasoning about 3D Shapes plenary question -Wednesday Reasoning about 3D Shapes answers	**Properties of Shape** **Review lesson – Reflection with coordinates** **Resources needed:** -access to the internet -pencil -book Work through the lesson following the order – Warm up, PPT, worksheet, answers, corrections, (challenge) plenary. **From the class page you need:** -Warm up - TTRockstars 10 minutes Thursday Review lesson – Reflection with coordinates PPT Thursday Review lesson – Reflection with coordinates worksheet Thursday Review lesson – Reflection with coordinates plenary question	**Properties of Shape** **Review lesson – Translation with coordinates** **Resources needed:** -access to the internet -pencil -book Work through the lesson following the order – Warm up, PPT, worksheet, answers, corrections, (challenge) plenary. **From the class page you need:** -Warm up - TTRockstars 10 minutes -Friday Review lesson – Translation with coordinates PPT -Friday Review lesson – Translation with coordinates worksheet -Friday Review lesson – Translation with coordinates plenary question

	-Monday Calculating lengths and angles in shapes answers Challenge – Design a poster that shows off your knowledge about the different types of angles.	Challenge – Design a word mat with the maths vocabulary and definitions needed when learning about regular and irregular shapes.	Challenge – How many different nets can you find for a cube?	Thursday Review lesson – Reflection with coordinates answers Challenge – Can you make a picture/piece of art only using reflection?	-Friday Review lesson – Translation with coordinates answers Challenge – Design a treasure map then give directions to find the treasure using translation. Give it to a family member to see if they can find the treasure.
Topic Lessons	RE **Resources needed**: • Access to the internet • Paper and pencil The story of the Exodus has inspired Jewish and Christian people for centuries. **Task -** It is not only Christian and Jewish people who want freedom and justice. Why are freedom and justice so important in the world today? Look at some more global examples; for example, ***Desmond Tutu, Malala, Aung San Suu Kyi, Martin Luther King, Nelson Mandela and Pandurang Shastri Athavale***.	Science Make it fly activity. This activity shows how a paper aeroplane, glider or helicopter falls to the ground much more slowly and gracefully than a scrunched-up piece of paper. It's all thanks to the forces generated by air pressing on, and moving over, the surface of the paper. You'll find all the instructions by following the link below.	Computing **Resources needed**: • Access to the internet • Laptop with software capable of producing a poster or paper and pencils if no laptop Go back to one of the theme parks looked at over the previous weeks. Look at the logos, adverts, posters and website design that have been used. What fonts, colours and designs have been used? Why do you think they have been chosen? If you have a laptop at home, use appropriate software that could be used to make a poster to	Spanish Log into LanguageNut and go to the vocab trainer section. Click on where I live. Work your way through as many sections as you can. Remember if you click on the speaker icon, the words will be said in Spanish for you to repeat and practice. When you are ready, you can go onto the practice section and test out your skills using matching pairs, multiple choice and words pop.	Well-Being/PSHE **Resources needed**: • 2020 Review Reflect on how things have been since the lockdown by thinking about yourself and your achievements using the 2020 Review ELSA resource.

	Research some key figures from history who have fought for justice and freedom. Present your findings in a creative way – make a powerpoint/leaflet/poster/ speech about them and why their work has been so important.	https://learning-resources.sciencemuseum.org.uk/wp-content/uploads/2019/02/SMG-Learning-Activities-Make-It-Fly.pdf If you don't have the resources listed, don't worry! You can improvise and use what you have around the house. Or you can add your own ideas to what's already there.	advertise the roller coaster you created in the DT lessons.	You can also test yourself on your reading, writing, listening and speaking too. Why not revise what you learned last time in the hobbies and pets vocab trainer section. **buena suerte!**
