Instructions	Me	Peer
I accurately punctuated sentences with full stops and used capital letters for all proper nouns (names, places, days, months etc.).		
My set of instructions includes: • a title and sub-headings, • an introduction, • a list of 'things you will need', • step- by-step instructions		
I used numbered bullets to make the order clear.		
I used: • Imperative or 'bossy' verbs • Modal verbs (must, should, might)		
I made good use of adjectives, adverbs and special or technical words to be precise		
I used conjunctions or adverbial phrases to join two ideas together (until, although, when you get there/before you begin).		
I marked clauses with commas.		
I used parenthesis to add extra information.
