History Topic 4/4/20

Three different periods:

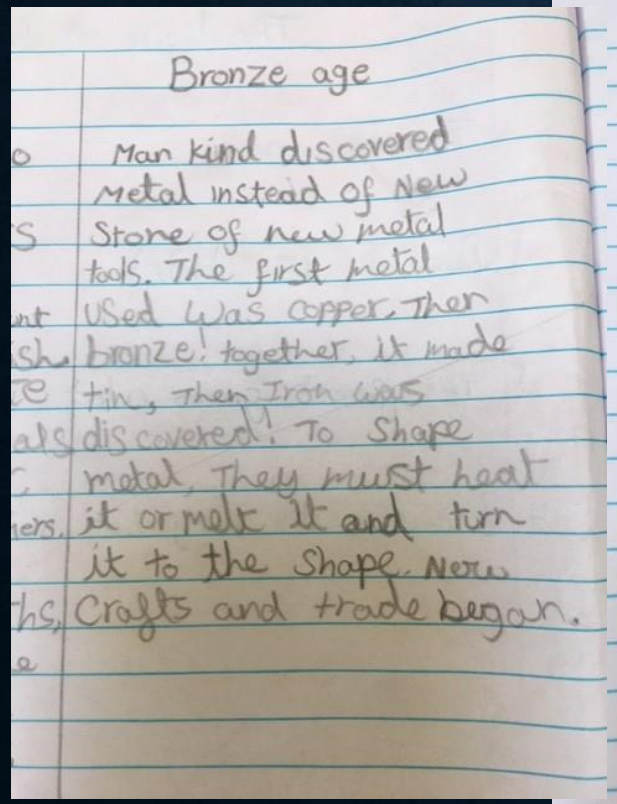

Paleolithic

These Type of people aren't alone. They were constantly on the move and ready to hunt for food. They had to follow the animals to have food. They also lived in TRIBES with small groups or families.

Men and women use animal hair to make clothing. The tools they use are an axe, spears that are out of stone, wood and bones.

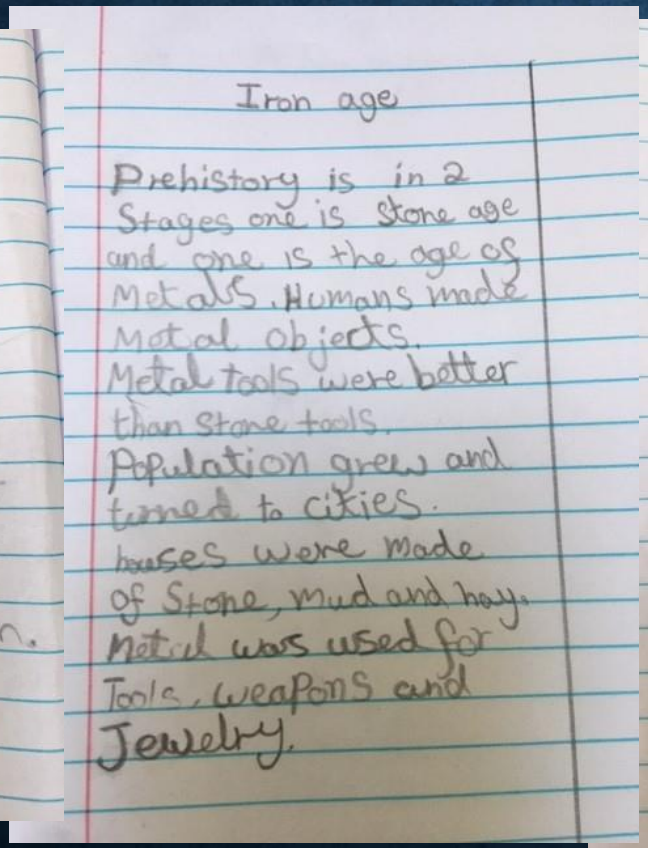

Neolithic

The name "Neolithic" means new stone. This is marked by Agriculture and cattle raising, and Villages began. Soon they grew food like cereal. Now they have everything they need. Now it was easy to find water, they need it for animal and crops. There were Now better tools and no more hitting 2 rocks together. Now they were made of polishing. Now wheels began. Its Now ~~easy~~ easier to travel.

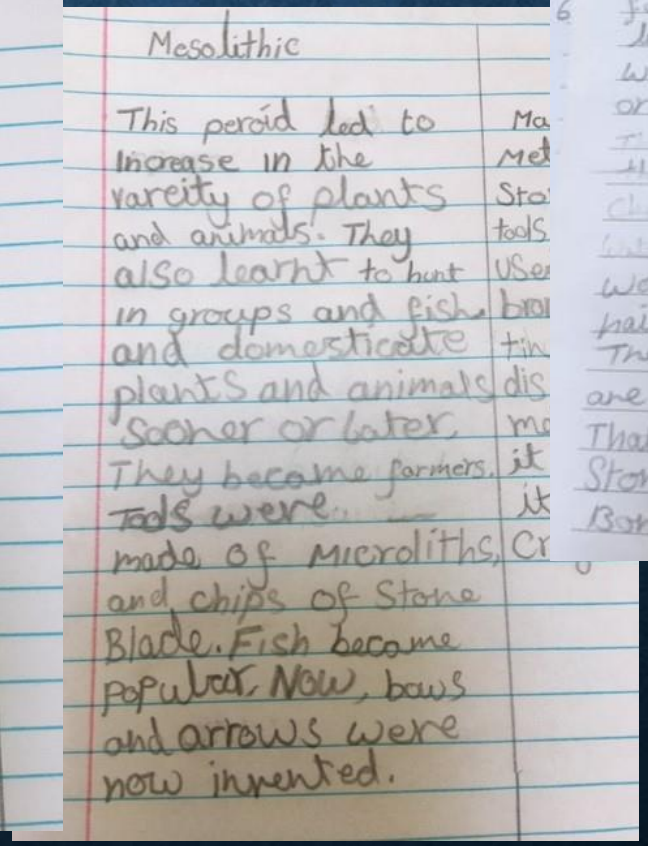

Bronze age

Man kind discovered metal instead of new Stone of new metal tools. The first metal used was copper. Then bronze together, it made tin, Then Iron was discovered. To Shape metal, They must heat it or melt it and turn it to the Shape. New Crafts and trade began.

Iron age

Prehistory is in 2 Stages one is Stone age and one is the age of Metals. Humans made Metal objects. Metal tools were better than Stone tools. Population grew and turned to cities. houses were made of Stone, mud and hay. Metal was used for Tools, weapons and Jewelry.

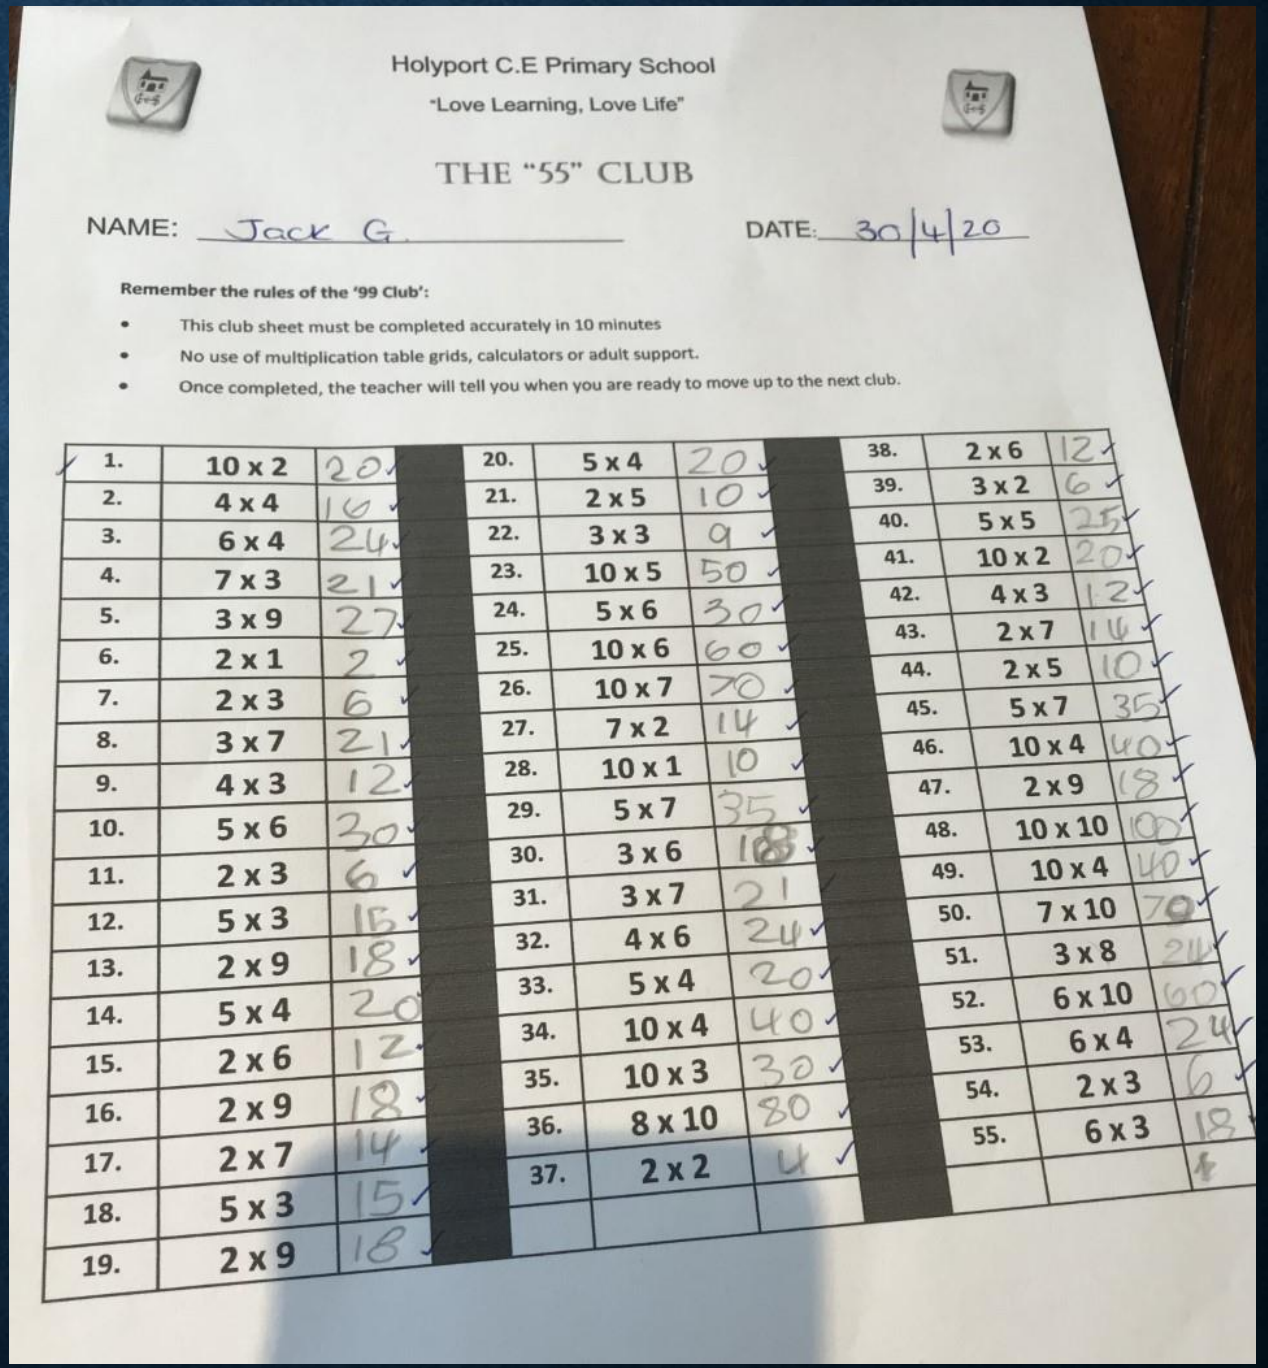

Mesolithic

This period led to increase in the vareity of plants and animals. They also learnt to hunt in groups and fish. and domesticate plants and animals Sooner or later. They become farmers. Tools were made of Microliths, and chips of Stone Blade. Fish become popular. Now, bows and arrows were now invented.

THOMAS HAS BEEN VERY BUSY WITH HIS READING AND HIS MATHS…

BEN HAS WRITTEN A DETAILED PELE BIOGRAPHY…

Biography of Pele

By Ben [redacted]

Edson Arantes do Nasimento also known as Pele, is a retired Brazilian footballer who played up front. He is widely regarded as one of the greatest players of all time. Pele was born on the 23rd of October 1940 in Brazil.

Growing up in poverty, he and his friends used a rolled-up sock stuffed with rags to play football.
In 1956 at the age of 15, Pele was seen by a professional coach and signed for Santos FC.
In his first full season he became the top scorer in the league.

The world was officially introduced to Pele in the 1958 world cup in Sweden. Showing remarkable speed, control and vision the 17-year-old scored 3 goals in a 5-2 semi-final win over France, then netted 2 more in the final, cementing a win over the host country.

Pele launched his namesake global legacy foundation in 2018, the Pele foundation, a new charitable endeavour that will benefit organizations around the world and their dedicated efforts to empower children in poverty.

Achievements.

Pele has the record for the most goals scored. He has scored 1283 goals.

Pele still holds the record for being the youngest person to play in the FIFA world cup final

Pele is the only football player in history to win 3 world cup winners medals.

Quotes.

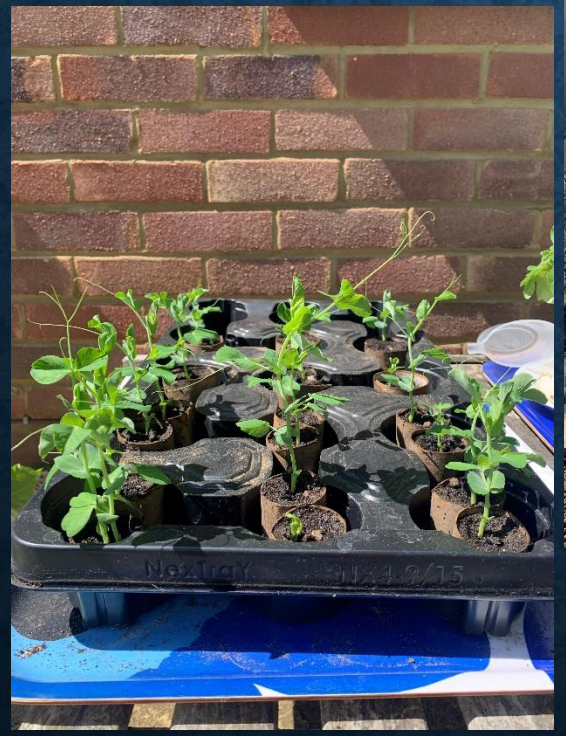

A penalty is a cowardly way to score.

Everything is practice.

If you are first you are first, and if you are second you are nothing.

AMBER'S WRITTEN A WONDERFUL STORY!

The Mysterious Magical Gnomes

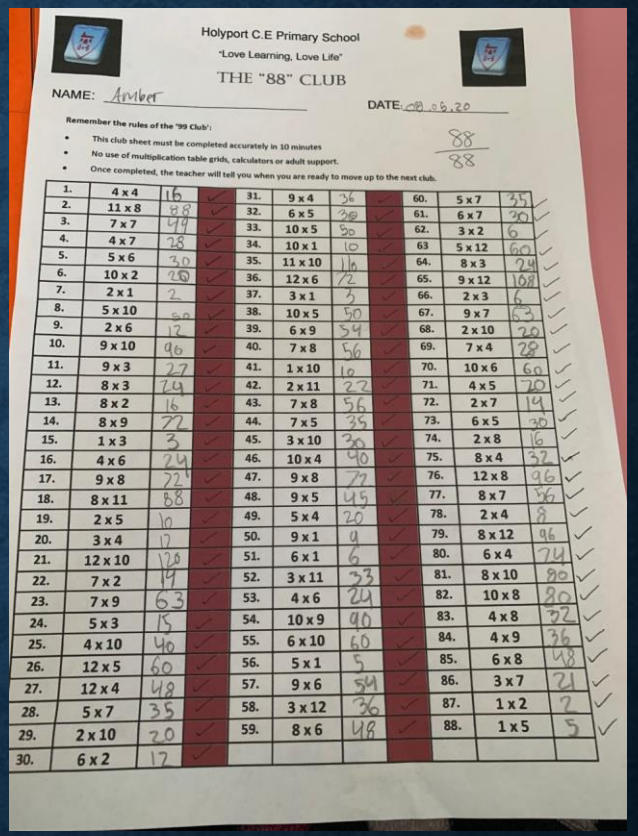

One summery Friday, a little girl called Sarah and her friend Phillip were walking home from school when they saw a new-build house, but it had been blocked up. They wanted to find out why. Sarah said, "we'll meet at the den tomorrow morning".

The next morning, they met in the den. They wrote their ideas down on a piece of paper and then they told each other. Phillip put three ideas down. They were: it might not be sold yet, or they don't want anyone going in or it was just built to fill in the gap between two houses. Sarah thinks she knows why. At night she heard a scream and a devilish laugh coming from inside the house. They both wanted to find out why.

But one man called Arthur thought there was gold in the house so he was going to knock the building down so he can be the richest man in town. But Sarah and Phillip did not know he was going to knock the house down. They overheard Arthur raving about it to his two evil friends. They said to each other "he can't do that!" whispered Phillip. "We will stop him!" replied Sarah.

Two days later, Arthur had a wrecking ball crane to knock the house down. Sarah and Phillip had come up with a plan and it was time to put the plan into action. Phillip distracted Arthur by talking to him and Sarah ran off to tell the police what Arthur was going to do. Once Phillip saw the police coming, he stopped talking to Arthur and Arthur was arrested.

After Arthur got arrested, the police unobstructed the house and Sarah and Phillip went through the door to see what was in there. Magical Talking Gnomes. They all became friends and lived happily ever after.
