Home Learning Challenges

Predator

Here is a selection of homework challenges based on our topic in class this term. You may choose which tasks you complete and when. There is no obligation and some challenges will take longer than others. Please complete each activity with care and to the best of your ability.

Post each piece of work on Seesaw upon completion to claim your house points!

1 House Point	2 House Points	3 House Points
Create a collage of a predator of your choice in its natural habitat.	Devise a 'What am I?' quiz about predators and try it out on your friends and family. How many questions does it take for them to get the right answer?	Write an imaginary story from the point of view from either the predator or its prey.
List five or more predators in the sub-groups: Mammals; Birds; Crustaceans; Insects; Arachnids; Reptiles; Fish and Plants.	Visit the local library to find non-fiction books about predators. Look for information using contents, glossary and index pages. Write down any new facts you have learnt.	Write a haiku poem based on a predator of your choice.
Look up some weird and wonderful names of predators around the world – the weirder the better! Draw your favourite!	If you could be a predator for the day, what kind of predator would you be and why? Where would you live? What features would help you hunt, catch and kill your prey? Write a description.	Use the web to research what different predators eat. Create food chains for a variety of different predators using materials and tools of your choice.
Make a predator glossary to explain the specialist vocabulary of this topic.	Make a mini fact file or short digital presentation about your favourite predators.	Make your own non-fiction book about a predatory animal – maybe your pet cat?
