Search for and watch film and live footage of seabirds in their natural habitats on coastal cliff tops, rocky outcrops, in estuaries, on mud flats, out at sea and in flight. Observe their natural behaviours.	Today's story focuses on Islam, and is about The Prophet and the Ants and the story of The Crying Camel. The message tells us that no matter how small or large animals may be, they are all important to God and need to be cared for. https://www.bbc.co.uk/teach/class-clips-video/religious-studies-ks1-the%20islamic-story-of%20the-prophets-and-the-ants-and-the-crying-camel/z4vprj6 **Task –** If you have a pet, write about how you help to look after them, no matter how big or small. If you don't have a pet choose a an animal you would like to have as a pet an write about what you think you need to do to look after it.	Begin by watching an animation of Eric Carle's story, *A House for a Hermit Crab*. https://www.youtube.com/watch?v=7cYgxknuDmc Make a new home for a hermit crab using coloured modelling dough. Decorate their shell forms using dough to make spots and stripes. When the shells are dry, display them with a 'To Let' sign. Decide whose shell they think a hermit crab might prefer to live in.	We are going to learn about the life and work of Grace Darling. In the following clip Grace Darling tells the story of her life, and describes the night she and her father rowed out in their tiny boat to save nine sailors. Watch the following clip https://www.youtube.com/watch?v=Yv3eS40j0N0 After watching the clip, think about how different it must have been for Grace living in a lighthouse. What would have been the good things about living in a lighthouse, and what not so good? After rescuing the people from the storm, Grace says that 'perhaps she was brave.' Do you think she was brave? Did she deserve all the attention from newspapers and painters? Do they agree with Grace that the attention and fame was because she was a girl? **Task** Cut out the events and match them with the correct dates on the timeline. **Year 1 – **** **Year 2 – *****	Have you ever explored a rock pool before? What kinds of creatures did you find in there? Rock pools are made from water left behind when the tide goes out. Lots of different creatures live in these shallow pools – they all need to be tough to adapt to different temperatures and waves crashing overhead. Show Powerpoint **Task** – complete research sheet.
