

Dear parents/carers,

'Dream Big at home' has been created for you to work through with children in Key Stage 1 and can be used as a fun way to develop their skills.

Some guidance will be needed but many of the activities will be able to be done independently. Included in the pack are:

- Six worksheets to introduce a range of careers
- Six writing activities related to the six roles
- Flashcards with speaking and listening activities
- Colouring in sheets

Why are we talking about jobs and careers with your children? We think it is important for children to imagine their future. This pack aims to widen aspirations, challenge stereotypes children may have around different jobs and improve reading, writing, speaking and listening skills.

The resource has been developed as part of the Words for Work: Dream Big programme. The programme works together with schools and local businesses to support Key Stage 1 pupils to develop their literacy skills, raise aspirations and challenge stereotypes.

Best wishes,
The National Literacy Trust Words for Work team.
