Pupil Premium Review October 2014 – Report to Governors of Holyport CofE (Aided) Primary School

Governors may share this report with anyone who has an interest in Pupil Premium Children and their performance at the school.

1) Who is this report for?

This report is for all staff, senior leaders and governors and is to be made readily available on website for parents.

2) Why and when was it commissioned?

The Pupil Premium review was required by Ofsted in the inspection report of January 2014, with a report being written by the end of October 2014.

3) What 'approach' was agreed for the Pupil Premium Review?

A collaborative partnership between two schools was set up, involving a reasonable number of senior leaders and at least one governor. The Pupil Premium Champion worked very closely with an SLE from the partner school, which included mutual visits to both schools.

4) What did Holyport Primary School have in place for 'Pupil Premium Children' at the time of the inspection (January 2014)?

- Pupil Premium Champion appointed
- Box on provision map to identify those pupils in receipt of Free School Meals (not 'Ever-6' at this point)
- Additional provision was emergent – at this point it was viewed as an intervention opportunity rather than a statutory requirement. The delivery of interventions lacked some cohesion and impact even though governors were aware that appropriate provision was compulsory for Pupil Premium Children.

5) What enhancements and improvements have been made in the last 6 months? Including what is 'new' for this (2014/15) academic year? Are ALL Pupil Premium Children in receipt of support through Pupil Premium funding?

- Consistent identification, monitoring and tracking of children entitled to funding

- All pupils in receipt of Pupil Premium funding are receiving support

- Provision map updated to include 'Ever-6'
- Pupil Premium Champion now receives provision map directly where previously it went through the deputy head
- Additional provision is provided for all pupils (including more able students)
- Pupil Premium Champion has catch-up meetings with teachers
- Teachers are working more closely with TAs to monitor progress of focus groups
- 'First class at numbers' training for TAs to support Pupil Premium Children
- Pupil Premium Champion working with children individually on a regular basis, scrutinising books and supporting on a 1-1 basis
- Pupil Premium Champion has gained confidence and drives improvements – Pupil Premium now has a significantly higher profile within the school
- Proactive in encouraging parents to apply for Pupil Premium funding (letter sent out)

6) Are there any planned improvements for PROVISION over the next 6 months?

The pupil premium champion is looking at additional intervention strategies (including for phonics). Holyport Primary School is evaluating the probable usefulness of a wider range of interventions.

7) Pupil Achievement:

How well do Pupil Premium Children attain by comparison to ALL children and by comparison to Non-Pupil Premium Children? In terms of pupil progress how well do Pupil Premium Children compare to the above two groups?

Attainment at end of KS2 (APS) 2014 Pupil Premium Children are performing very well in Maths, but less well in Reading and Writing.

	Pupil premium (2)	Non-pupil premium (40)	All pupils (42)
Reading	27	29.85	29.71
Writing	27	27.75	27.72
Maths	30	29.1	29.14

APS Progress across KS1 - KS2 2014

	Pupil premium (2)	Non-pupil premium (40)	All pupils (42)
Reading	11	13.21	13.1
Writing	9	12.16	12
Maths	14	11.94	12.05

8) Teaching and Learning

Is funding invested in providing more or better teaching for Pupil Premium Children?

TA interventions come from research led provision which is structured and monitored. There has been an enhanced pupil to teacher ratio in year 6 for maths teaching. The Pupil Premium Champion is spending

more time providing 1-1 support and small group interventions as well as continuing in the role of leadership and management.

9) Behaviour and Attitude

Are Pupil Premium Children well motivated and able to access most activities? Is this monitored and recorded?

All pupils at Holyport Primary School, including those in receipt of pupil premium funding, are able to access the curriculum, including trips, music lessons and afterschool clubs. Work carried out by the pupil premium champion on a 1-1 basis supports the pupils so that they are all motivated and engaged in learning.

10) Leadership and management

What are the various roles of school leaders and governors and how effective are those roles? Is there clarity of understanding about the funding available and the 'Bests Value' gains from the use of that funding?

All senior leaders and governors are providing clarity on the whole school policy. There are various roles according to the level of seniority and area of expertise. The business manager is focussed on measuring the impact of the funding, comparing 'Best Value' of the options available to the school.

11) Reporting to Governors

Do the minutes of governor meetings regularly detail the responses of governors to Pupil Premium reports from the head teacher and other staff?

Recording of pupil premium at governors meetings has improved, with the Head Teacher's report to governors now including a specific pupil premium section. There is now a pupil premium governor, who is involved in a governor review of reports. Governors have been trained to scrutinise the detail within reports and are now questioning senior leaders in more detail.

12) Website

Is the school website used to explain and promote thorough understanding of Pupil Premium provision at Holyport Primary School?

Yes. Holyport Primary School is continuing to work towards developing the information available to parents on the website. The data on the website has been updated: the FSM order form is now on the website for ease of use by parents, a letter from the Pupil Premium Champion is on the website explaining our provision and the application form is also on the website.
