L.O. I can learn about the contributions of significant people in the past. Review some of the real life super heroes we have already learned about Louis Braille, Florence Nightingale, and Mary Seacole Why were they superhero	L.O I can use my sense of hearing to identify different sounds. **Task**: Review the names of the five senses with your child. Today you are going to focus on the sense of hearing. Play the following game with your child. https://www.youtube.com/watch?v=0GhwfyDcAoM Guess the Sound	L.O. I can think of ways God shows his love for us. Watch the following video and make a list of all the things God provided for us. https://www.youtube.com/watch?v=bLHB_hNk42g God provided us with all these beautiful things because he loves us and wants us to have everything we need. **Task**: See how many parts of creation you can recall. Watch the video again and see how many you remembered. **Challenge:** Write a thank you note or prayer thanking God for your favourite part of Creation.	L.O. I can use collage to make a creation picture. https://www.youtube.com/watch?v=H_n1a7A1VNw This clip is just for inspiration. You should not buy anything. What do you have around the house you could use? Leaves from outside, cotton, coloured paper, wrapping paper, clothes pegs, lolly sticks? Check through the recycling to see how creative you can be. It does not have to look like the picture on the clip.	L.O. I know how to be safe out and about, at home, and at school. Review the power point provided and discuss whether the images are safe or unsafe and why. **Task:** Make a

es? How did they help people? Go through the power point provided to learn why Garrett Morgan was a superhero. **Task**: Draw and label three of his inventions and discuss how they made people safer. ICT Challenge: Research your own real life				safety poster about How to be Safe Out and About. You may want to review Covid rules about masks and social distancing.

superhero .
