L.O. I can design a backdrop for a superhero comic. Superheros are often found in large cities fighting crime. In comics and cartoon they often use bright colours and designs that stand out. Look at the background PPT **Task –** Have a go at designing your own superhero background. You could use different materials or paint. You might want to draw you design in pencil first. Maybe you could include some action words like POW! BOOM! CRASH!	L.O. I understand the contributions of significant people in the past. This week we are going to learn about another significant individual who helped in the same war as Florence Nightingale, her name is Mary Seacole. She wanted to help people but treated unkindly because of the way she looked. Let's look at her extraordinary life (show PPT) Mary didn't let the unkind actions of others stop her from achieving her dreams, very much like Florence Nightingale. It's thanks to these ladies that nursing improved for the better. **Tasks** – Hospitals Now and Then sorting sheet (Refer to PPT) Herbal medicines sheet (Refer to PPT)	L.O. I can retell the story of The Prodigal Son Recap the story of the Prodigal Son.(see PowerPoint) Ask the children to think about a time they were forgiven for making the wrong choice. How did it feel to be forgiven? Sometimes it's hard to forgive someone who has wronged us but forgiveness is a brave thing to do and can feel very rewarding. **Task** – Cut out and sequence the story of The Prodigal Son (choose sheet appropriate for your child)	L.O. I can compare and group everyday materials. Ask the children if they name some different materials. Explain that everything around us is made from a type of material, some are natural e.g tables are made from wood, which is natural and some have to be made e.g chairs are made from plastic. Show children material PPT **Task – Sorting sheet (choose as appropriate)** Can you sort the materials based on their properties.	L.O. I can say what I am grateful for. Things at the moment can be tricky when we can do the things we enjoy or see the people we love. However there is a lot to be grateful for. **Task –** take a walk around your house and using the sheet provided draw what you are

				grateful for linked to our senses.

			lavender, mint (You can use toothpaste, ginger, and cinnamon. Challenge: Make a feely bag for your adult and see if they can guess what's in your bag by feeling inside without looking.
